E. C. N. CLOSES SCHOOL YEAR

MAGNIFICENT AUDIENCE WITNESSES GRADUATING EXERCISES; AN INSPIRING OCCASION.

MUSIC, BEAUTY AND ORATORY

Judge M. L. Williams of Muskogee Delivers Graduating Address; President Briles Delights Audience; Diplomas Presented.

The program of the graduating exercises of the E. C. N. was rendered as published in Thursday's News.

The musical program furnished by the music department of the college and directed by Misses Anderson and Case was par-excellent and appreciated by the magnificent audience which filled the auditorium to the utmost.

The "Jewel Song" by Miss Gertrude Thompson, graduate of vocal music, was beautiful, and when President Briles in ornate and appropriate language presented this popular home young lady her diploma there could not have been felt but general approval.

The Honorable M. L. Williams of Muskogee delivered the address of graduation, which was strong and well received.

When Judge Williams had concluded, President Briles, as is his custom, when occasion exacts him to speak at all, delivered a magnificent little address after which he presented the diplomas.

President Briles' Address in Part in Substance.

Today marks the close of another school year. During the months and days of this year and the former years of your college career you have been striving to store your mind with facts of useful knowledge, that you might be prepared to meet and assist in the solution of the problems of the life of the world in the society of which you find yourself a part. Learning is supreme and you are its champions. This institution is the

place where men are made. The fruitage of its endeavor must be manhood, scholarship, character—or its existence becomes a mockery.

You stand today as the exemplars of the law of the survivor of the fittest. "Heights by great men reached and kept were not attained by sudden flight," but they, while their companions slept, were toiling upward in the night. Many of your former classmates, on account of the difficulties of the problems which confronted them in their college career,

every line of human endeavor within the new State of Oklahoma is the marvel of the ages. In Oklahoma we have ceased to subscribe to the statement that "we think the same thoughts that our fathers have thought, and do the same things that our fathers have done." We are thinking different thoughts and doing things in a manner so different to the established customs of the older states that the world is beginning to wonder at the remarkable progress of the young giant of the

have fallen by the wayside.

The world is calling today for men who know, and for men who will do. The man who in the face of difficulties and obstacles is willing to endure the hardships and press on to success and victory.

We are living in an age of progress, and in a land of unprecedented opportunity. The progress made in

West.

Our educational system, though by no means perfect in all its details, is considered by the best authorities to be the best working system of any of the state systems. In our school system we have departed from the notion that the culture of the world can be gotten nowhere save in the classics of the ancient Greeks and Romans, and instead we believe and teach that there is as great cultural value in the study of a rock as there is in a Greek root. The Savior replied to the tempter, "Thou shalt not live by bread alone, but by every word that proceedeth out of the mouth of God." By this statement it is implied that there must be some bread. Our state has realized the importance of providing a system of education that will prepare the youth; both to live and to make a living.

Life has its responsibilities and its duties, and as the years come and go driving us like driftwood farther from the innocent sports of childhood, it becomes more a reality. Little thought Enoch Arden, Katie Lee, and Philip Gray, as they played among the lumber and waste of the seashore, that ever there should come to them the sad realities that follow in the wake of their childish pleasures. What but a youthful dream of the most beautiful phantasmagoria could paint the pleasures that flitted through the mind of Maud Muller as she stood and watched the receding form of the Judge as he rode away, and wished that she his bride might be? But it was only the hope of a youthful dream soon to be shattered.

Longfellow by hard and persistent labor has been styled the Poet of America. During the long and dreary winter as ever thicker, thicker, from the ice on lake and river, and even deeper, deeper, deeper fell the snow over all the land, he was coining his earnest thoughts into the beautiful poems of Hiawatha and Evangeline, and when he was called hence, all Cambridge was draped in mourning, and the world did him honor. In contradistinction to Longfellow there is another to whom we refer with mingled feelings of pleasure and pain, the consummate genius of the south who spent his life in dissipation and died in poverty—who even in a drunken stupor dreamed dreams no mortal ever dared dream before, and in that vision saw, "A ghastly, grim and ancient raven from Night's Plutonian shore." And the soul of Edgar Allen Poe from the shadow of the ebony bird that lies

floating on the floor shall be lifted "nevermore."

Young ladies, young gentlemen, you have started in life with bright prospects. Ours is an age of letters, and instead of a few rescripts of an ecclesiastical lore found hidden in the dusty archives of the old Romish church, and delegated only to the chosen clergy the advantage of learning are tendered to all classes. But there is no excellence without great labor. Sebeca said, "Men by doing nothing learn to do mischief." "An idle brain is the devil's workshop." A busy man is never a criminal.

Young man, young woman, build higher. Be not content with things low and groveling. Mount up with wings as eagles, and when the storms of life gather, and the thunders roar, and the lightnings flash swifter than the flight of Phoebus' car, soar above the raging tempest of life's failure, and enjoy full measured success. When the Mohammedan prays, he turns his face toward Mecca; when the Jew prays, he turns his face toward Jerusalem; when the Christian youth prays for inspiration he turns his eyes to the lives and follows the footsteps of Clay, Webster, Johnson, Lincoln and Garfield, who came up from poverty, want and privation. Great country this.

Our schools, our colleges, our universities, our churches, our institutions, our laws insure to all alike opportunities for success. We are upon a common level—the high and the low, the rich and the poor. There is no blue blood, long line of lineage, or royal families to stand in the way of your promotion. Energy and courage and pluck and labor, constitute our capital, and up from the shops, the factories, the furnaces, the fields and the forest, without money, without friends, except as they make for themselves, by their own brain, their own will, have come our great captains of industry.

Finally young ladies and young gentlemen let me say to you that the State of Oklahoma needs your services and will look to you as leaders in directing the affairs in all departments of life's work. It is yours to assist in the dissemination of truth and the abolition of ignorance. Ignorance is ignorant of its own ignorance. It is the blind Sampson who destroys the temple and all. It is the wild furor of the multitude, crying of its best friend, crucify him, crucify him, give us Barabaz. It has enslaved in the name of freedom, killed its best prophets in the name of progress, persecuted and tortured in the name of the Prince of Peace.

(Continued on page four)

POSTAL SAVINGS PASSES HOUSE

ALL REPUBLICANS AND TWENTY-SIX DEMOCRATS VOTED FOR POPULAR MEASURE.

THE SALIENT FEATURES

Every President from Grant Down Recommended Passage of This or Similar Law.

Washington, June 6.—By a vote of 195 to 101 the House at 8 o'clock tonight passed the postal savings bank bill. Every republican, including all of the insurgents, and twenty-six democrats voted for the adoption of the bill.

Only One Texan Favors.

Representative R. L. Henry, the only Texas member who voted for the adoption of the bill, reflects the views of the democrats who voted for the measure in the following statement made to correspondents on the passage of the bill:

"By passing this bill," said Representative Henry, "we establish the postal savings bank for the benefit of this and future generations. I am for the legislation, and in obedience to the demand of the Denver democratic platform, and in accordance with my pledges to my constituency I voted for the postal savings bank bill. It may have imperfections, and I think it has, but we can amend it as defects become apparent through experience."

Finley's Substitute Lost.

On conclusion of the eight hours of debate the house voted on a motion by Representative Finley of South Carolina, the ranking democrat on the postoffice committee, to substitute his draft of a postal savings bank bill for the pending measure. This was lost by a strict party vote of 113 to 196, except that Representative Norris of Nebraska, an insurgent Republican, voted for the democratic substitute.

Then followed the motion by Representative Weeks of Massachusetts, chairman of the House Committee on Postoffices and Post Roads, to substitute the house bill for the senate bill, and on this roll twenty-four of the twenty-six democrats who subsequently voted for the adoption of the bill, cast their votes in favor of the substitution. Six insurgent republicans, Messrs. Gronna of North Dakota, Hubbard of Iowa, Lenroot of Wisconsin, Nelson of Wisconsin, Nor-

ris of Nebraska and Woods of Iowa, voted with a majority of the democrats against substituting the house for the senate bill.

The next roll call was on the motion of representative Moon of Tennessee to recommit the bill, which was voted down by 187 to 118, and then came the roll call on the final passage of the bill.

The bill will go to the senate tomorrow, where it is thought likely that body will accept the house measure, thus avoiding sending it to conference.

Concludes Chapter of Interest.

The passage of the postal savings bank bill tonight concludes one of the most interesting chapters in the history of legislation. Such a bill was recommended by every President of the United States in a message to congress, from President Grant down to every attempt at its enactment was defeated either in one branch or the other of congress. It was only through the new arousing of public interest in such affairs of legislation within recent years that public sentiment sufficiently asserted itself to compel an unwilling congress to establish this institution.

The democratic position in this matter was unique. In the senate democrats based their opposition to the bill mainly on its alleged unconstitutionality. But in the house tonight the democrats admitted its constitutionality, as well as its necessity, when they voted for the Finley draft of a postal savings bank bill.

DALLAS MAN HEADS CONSUMPTION WAR

Oklahoma City Selected as Probable Place of Meeting for New Organization.

St. Louis, Mo., June 9.—Dr. William Brumby of Dallas, Texas, was elected president of the Southwestern Conference on Tuberculosis, organized here yesterday by delegates from twelve southwestern states. Oklahoma City was selected as the probable place for the next annual meeting. A donation of \$1,000 to the Missouri society by the Anheuser Brewing association of St. Louis was announced at the conference. One of the principal purposes of the new southwestern association is to devise a system for caring for the influx of consumptives from the north into the southwest. The association's promoters announced that they did not propose to discourage the immigration of consumptives.

RIVER AND HARBOR HELD IN SENATE

Effort to Send the Bill Back to a Conference Proves Ineffective.

Washington, June 9.—The Senate today overwhelmingly defeated the attempt of certain Democratic and Republican Senators to send the rivers and harbor bill back to conference. Most of the senators who wanted to reject the conference report had projects which the conferees had turned down. These Senators united with Senator Burton of Ohio, who was opposed to most of these projects, but who wanted the bill returned to the conference because the conferees had also slaughtered the provision to keep the National Waterways Commission alive for another two years after March 3, 1911.

The twelve senators who voted against accepting the conference report were Bacon, Bailey, Beveridge, Burton, Fletcher, Frazier, Hughes, Johnson, Newlands, Paynter, Stone and Warner.

Critics Engineer's Report.

In a speech in which he advocated the rejection of the conference report Senator Bailey referred to the Beaumont-Orange project, for which he had sought to obtain an appropriation. He objected to the rule of the house that no item shall be included in the rivers and harbors bill that is not first approved by the board of army engineers. He said he wanted to be guided by the technical knowledge of this service.

"But," he added, "never will I consent to see the senate abdicate to the engineers of the army the right to say what shall be our commercial facilities. They are not a part of our people. They know little of our commerce, and no more dangerous policy could be entered upon than to say that our people can have nothing until the engineer's grace permits it."

Referring to the local engineer's report on the Beaumont-Orange project he said:

"In this report the engineer assails the policy of Texas and our Railroad Commission and declares that the project under consideration ought not to be undertaken because, he says, the Railroad Commission of Texas will defeat the object of the work. It invades the field of controversy, for that question has been one of controversy, political as well as legal. Yet this engineer, by an imprudent intrusion of his opinion, tells Congress that the laws of Texas are so unreasonable that her people ought to be denied this provision for their commerce.

"I want to show that when these engineers are permitted to decide this question of commercial facilities they have, like other men, their preferences and their prejudices. In this very report, when they condemn the proposition which the conference report now excludes from the bill, there is a statement that this condemned project is more feasible and cheaper than another (the Houston ship channel project) which the house has included in the bill.

Officer Biased.

"This army engineer was trying to build up the port to Galveston at the expense of Houston. This same army engineer suggests that certain things could be done for Port Arthur instead of doing them for Orange and Beaumont. In other words, this report makes it patent to my mind that he has been biased by local preferences.

"If I, a Senator from Texas, allow myself, honestly, to be controlled by local prejudices and make a mistake, I am within the jurisdiction of those people and can be made to suffer for my mistake, but if army officers are permitted to discriminate between rival towns, the people of Texas have no recourse."

Senator Bailey suggested "that the rule of the house worked very well for Congressmen who have not the courage to take a stand for or against a project, for it enables them to fix the responsibility on the engineer."

"WHITECAPS" KILL AN INNOCENT GIRL

Hennessy, Okla., June 9.—A report reached here yesterday of the killing of Miss Nancy Duncan, daughter of Stephen T. Duncan, a farmer near Columbia, Okla., by "whitecaps" last night.

For some time a feeling of enmity against Duncan and his four sons existed in the neighborhood. Last night a company of masked men rode up to the Duncan residence and demanded that Duncan and his sons come out. This they refused to do and the masked men fired several volleys into the house, killing the girl.

The men rode away without trying to learn whether they had killed or injured anyone. Officers went from here today to investigate the affair.

Five room house for rent on West 13th street \$15.00. Weaver Agency.

AGAINST AMENDMENT TO ARTICLE 9

Indications Point to 50,000 Majority Adverse to Railroad Amendment.

Guthrie, Ok., June 9.—There is wide variance in estimates of the advocates and opponents upon the outcome of Sec. 49 to Art. IX of the constitution submitted to the voters on Saturday. Dorsett Carter of Purcell, in charge of headquarters, and advocating adoption of so-called railroad amendment, estimates the proposition will be adopted by a majority anywhere from 15,000 to 20,000. Chairman Jack Love of the state corporation commission, who has been leading the fight against adoption, estimates the total vote will not exceed 150,000 and that 100,000 will be cast adverse to the amendment. This would mean defeat for the proposition by 50,000 majority. Elaborate preparations are being made for getting returns on Saturday night. The Oklahoma City State capital committee will receive reports at the Commercial Club rooms in Oklahoma City and the Sec. 49 advocates will do likewise at their hotel headquarters also in Oklahoma City. Reports will also be gathered by the Guthrie and Shawnee capital committees and in their respective towns. Secretary Will Linn of the state election board has arranged for early returns to the board. Practically all heads of governmental departments will be absent Saturday. Chairman Love left tonight for Woodward and Commissioner Watson for Shawnee to cast ballots in the Saturday election, the latter speaking at Shawnee Friday night. Gov. Haskell completes a speaking tour at Muskogee tomorrow afternoon and will remain there Saturday. Campaign committee has put their last reading matter in the mails tonight, figuring it would reach voters prior to Saturday morning.

Elks to Meet Next at Tulsa.

Lawton, Ok., June 9.—Scenes shifted this morning in the entertainment of the fourth annual convention of State Elks, from Lawton to the Fort Sill Military Reservation, where the three batteries of the First Field Artillery, under command of Col. W. M. Andrews, gave a series of regular army maneuvers lasting several hours. Other features at the post were pack-train drills, a polo game and various athletic contests of a military nature. The officers at Fort Sill received the guests.

Various automobile excursions were run over the reservation on which the Indian mission school, Medicine Bluff, Medicine Park and many other places of interest were visited.

Tulsa was unanimously selected as the place in which to hold the state convention of Oklahoma Elks in 1911.

LIGHTING KILLS TWO DURING STORM

Loss of Life and Great Property Damage in General Storm.

Kansas City, June 9.—Lightning killed Mrs. Charlotte Hicks and property estimated to be worth \$100,000 was destroyed during a severe storm here yesterday and three and one quarter inches of rain fell.

The rainfall was general throughout Kansas, but not so severe as here. Richard Constable, a farmer residing two miles southeast of Topeka, was killed by lightning while working in the field.

You appreciate how uncomfortable the kitchen is these warm days? It will be worse as you advance further in the summer. Why not use electricity and be cool? You can cook, bake, operate your sewing machine, wash and iron. In fact, there is nothing which cannot be accomplished with electricity that is accomplished by either gas or an ordinary range. It is odorless, no heat, no smoke simply press the button and we do the rest.

TO SELL PUBLIC BUILDING WARRANTS

May Follow Plan of French Republic and Appeal to the Citizen of the State.

Guthrie, Ok., June 9.—Oklahoma may appeal to its citizens in order to sell the issue of public building warrants authorized by the legislature during the special session. The original issue, amounting to \$2,025,000, is pledged by sale money and income from public building lands, and is to be used in the erection of public buildings. The first series of \$750,000 is still in possession of the state, save about \$100,000, a small portion of which was sold for cash, the remainder going indirectly to state contractors.

In a letter to Gov. Haskell, attorney general West suggests that the interest might be placed among farmers, business men and merchants of the state, as did the French republic in creating the war indemnity that Nation had to pay the German empire. A similar plan was used, the Attorney General says, by Galveston in disposing of its seawall bonds. The warrants are issued in denominations of \$500, and in order to carry out the idea, it is suggested that a commission of two be named to issue certificates in smaller sums to apply against the building warrants, and sell the certificates to the people at home. Warrants are non-taxable, bear interest at the rate of 5 per cent, and, the attorney general believes, are as good as United States 2 per cent bonds.

TO TURN LOOSE \$5,000,000.

Work Ordered Suspended on New York Central Lines to Be Resumed.

Washington, June 10.—President W. C. Brown of the New York Central was so pleased at the way in which President Taft has treated the railroads in the present controversy over rates, that he said he would order the resumption of all work on the Central which he ordered suspended on Friday last. This work, it was said at that time, would require the expenditure of \$5,000,000. It had to do with improving stations, building new ones, laying of additional tracks and making yard and roadbed improvements. The Central also will permit the Pressed Steel Car Company, the Standard Steel Car Company and the American Steel Car Company of Pittsburgh to go ahead with orders given them some time ago for 3,000 new freight cars, which it was estimated would cost about \$1,000 apiece. The orders for these cars were cancelled on Friday also.

Commenting on the agreement reached with the administration today, President Brown said: "It was just as good an arrangement as could have been made. It is so satisfactory that I intend to order the resumption of work on the Central which was ordered stopped last week."

Further comment, Mr. Brown said was unnecessary.

Roosevelt's Speaking Tour.

Washington, June 9.—Theodore Roosevelt will have to change his mind before he makes political speeches in twenty-four states as has been forecast. In a letter just received from a Western Senator with whom he is up on close terms of intimacy, he says that it is his desire to confine his speeches to one in each state and that he will attempt to speak in but four states.

This decision is a disappointment to the other twenty states. Just whether it is a detriment to the regular republicans or to the insurgent wing of that party will be more clear after the arrival of Col. Roosevelt in the United States and his definite statements of support to one side or the other of the nation-wide controversy.

Muskogee Man Suicides.

Muskogee, Okla., June 8.—J. M. Hoffman, a former hotel proprietor here, tonight committed suicide under the belief that he had killed Malcolm Hunter, with whom he quarreled when the latter attempted to prevent Hoffman from seeing his wife, from whom he is separated. Hunter was shot four times but is living and Mrs. Hoffman received a stray bullet in her arm.

CROSS REQUIRED

To Name Date for Hearing of Grandfather Clause Protests.

Guthrie, Ok., June 9.—District Judge Huston granted a writ of mandamus against Secretary of State Cross, upon application of James A. Harris, chairman of the republican state committee, requiring the former to name a date for hearing protests against the so-called grandfather clause.

Harris claimed that the hearing given by the secretary this week was premature, and demanded that it be fixed within five days after date service was obtained upon the person filing petitions.

The court's order requires a hearing within five days after June 7, or that the secretary of state make answer by June 17. The grandfather clause was initiated as an amendment to the suffrage article of the constitution and proposes an educational test for voters whose ancestors did not have the right to vote under some form of government prior to Jan. 1, 1866.

Receiver's Sale of Merchandise.

By virtue of an order of sale issued by the Honorable A. T. West, judge of the district court of the seventh judicial district of the state of Oklahoma, in an action pending in the district court of Pontotoc county, in said judicial district, wherein C. C. Ingram, et al., are plaintiffs and Texas Department Store of Ada, Oklahoma, et al., are defendants and Hargadine-McKerick Dry Goods Company, et al., are interpleaders and on the motion and application of said interpleaders, on the 4th day of June, A. D. 1910, which said order of sale directed the undersigned, as receiver of the said Texas Department Store to advertise and sell at public auction in bulk or in bulk departments the assets of the said Texas Department Store now in the hands of the said receiver, which said assets consists of a stock of dry goods, shoes, clothing, hats and notions and groceries, and the fixtures in the building where said stock is located, of the estimated value of nineteen thousand dollars, (\$19,000.00); a stock of hardware and the fixtures in connection therewith of the estimated value of five thousand three hundred dollars (\$5,300.00); a stock of furniture and fixtures of the estimated value of four thousand dollars, (\$4,000.00); said property and the inventory thereof may be examined at the store rooms at Ada, Oklahoma.

Notice is hereby given, that I, A. K. Thornton, as receiver aforesaid, will sell the above described personal property to the highest bidder, for cash, at public auction, at the city of Ada, Oklahoma, on Saturday the 18th day of June, A. D. 1910, between the hours of ten o'clock a. m. and four o'clock p. m. of said day, in front of the place of business of said Texas Department Store, bids to be received first on the entire stock in bulk, and second on the stock in departments as above set forth, the successful bidder to deposit a certified check for \$1,000.00 with said receiver as evidence of good faith and said sale is subject to confirmation and approval of the said district court.

Dated at Ada, Oklahoma, June 6th, 1910.

A. K. THORNTON,
Receiver of Texas Department Store of Ada, Oklahoma.

THE ELECTION ON TOMORROW

The county election board has appointed the following inspectors for the respective voting precincts tomorrow. While the voting boxes for the city have not been designated it is supposed they will be fixed at the usual places. However, the city hall has been secured for the first ward.

Inspectors.

First Ward—A. D. Tanner.
Second Ward—Gale Statler.
Third Ward—Mel Davis.
Fourth Ward—W. C. Lee.
Capital Hill—C. O. Bills.
Daggs—W. C. Weatherly.
Price School House—T. C. Cooper.
Owl Creek—S. A. Fish.
Black Rock—W. A. Barrett.
Allen—Brians.
Lula—R. S. Baker.
Jesse—F. H. Flippin.
Dollsberg—Will Lindsey.
Francis—J. T. Watson.
Conway—Wade Allison.
Frisco—G. H. Truax.
Lanham—Burk Stanford.
Hart—W. A. Bloomingkemper.
Tyrola—Frank Hooker.
Center—Jap Copeland.
Francis—J. J. Townsend.
Beebe—A. P. Roberts.
Maxwell—E. W. Cotton.
Lovely—J. H. Lovelady.
Ahloso—T. N. Herrin.
Egypt—Enoch Gregory.
Midland—Chas. Long.
Oakman—W. J. Sloan.
Roff—C. Y. Partain.
Stonewall—N. T. Heard.
Knox—S. W. Masters.

There are four precincts that have not reported for election supplies, viz: Fitzhugh, Lightning Ridge, Sunshine and Chester.

WILL NOT HOLD COURT IN JULY

Judge Raney Writes Letter to County Attorney Wimbish to That Effect.

Atoka, June 7, 1910.

Hon. Robert Wimbish, Co. Atty.

Dear Sir and Friend: Replying to your favor of the 3rd inst, relative to the term of court at Ada in July will say that I have talked with a number of the lawyers besides yourself, and have decided not to hold court in July, but to come there on the first Monday in July, and adjourn the term of court until the middle of August, or the first Monday in September. While there, I will sentence any prisoners who desire to plead guilty, and attend to other matters of urgent necessity.

With best wishes, I am, yours very truly,

ROBT. M. RAINEY.

ADA'S CHAUTAUQUA

Plans are being completed for the Chautauqua which is to be held in Ada June 22-23. The City hall will be used for the Chautauqua which is an enterprise for the good of the city. It is proposed that whatever profit may accrue from the Chautauqua be given to the city for a public library. This plan can only be adopted by securing a number of our citizen who will assume the financial responsibility for the enterprise. This responsibility will be very small if several men are willing to share it. Another meeting is to be held in the city hall next Tuesday evening when Hon. I. M. Holcomb, of Oklahoma City will deliver an address. This address of this orator and well known lecturer will be well worth an effort to hear. The meeting is free to every body and a cordial invitation is extended to the public to attend.

Young Men Graduates.

Orel Busby and Tal Crawford, well dressed and with good looking, intelligent visages, were very prominent last evening sitting each between sweet young lady graduates, waiting to receive their sheep skins. Ada and evidently the E. C. S. N. are proud of these two high class young men.

Porter Recommended to Jail.

Harrison Porter the Indian who was arrested a few days ago on charge of criminally assaulting his thirteen year old step daughter came up to be heard by Justice Brown today. He waived a preliminary trial and his bond was fixed at \$5000. On failure to make bond he was recommended to jail.

Methodist Church Sunday.

Instead of the musical program which has been discussed there will be the regular services at the First Methodist church next Sunday. The pastor will preach at both morning and evening hours. You are always welcome at this church. Special music for Sunday.

PUBLIC SCHOOLS CLOSE TODAY

Over a Thousand Children Now Free to Enjoy Life in Their Own Sweet Way.

While class work was brought to a close the first of the week, and a good many of the grades dismissed, today is the day when the public schools of the city officially close. The final tests have been made, the grades are all in, the recitals and exhibits have been given and now both teacher and pupil is feeling free to enjoy to a summer vacation. That the schools have been successful can not be gainsaid—that Ada feels proud of her schools—the students and teachers goes with question. It is a credit to the schools as well as the teachers that of those who have so faithfully served the people this year, not one has been refused a position next year if we understand the situation correctly. Twenty-one teachers besides a superintendent has been elected for next term. Naming the superintendent and principals they are T. N. Robinson, Prof. Ben McCurry, Miss Nell Rees and Prof. A. Floyd of Asher, respectively.

But, hurrah! school is out for this year!

PREPARING FOR SUMMER NORMAL

The question of boarding places for the large number of students who will attend the summer term of the East Central Normal has been a problem rather difficult to solve. At the commencement exercises last night Pres. Briles urged the people of Ada to make room as far as possible in the homes for these incoming students. In order to accommodate these four or five hundred teachers who will be in attendance, the south side school building will be equipped and placed in competent hands to furnish meals at a nominal cost to those who may desire to take meals near the High School building, where the Normal will be held. Though they will have to room at the different homes over the town they will not be inconvenienced by taking their meals at the school. On the other hand a good many steps which mean time and energy will be saved.

PATRONS DAY ON EAST SIDE

Wednesday afternoon at the East Side school, the closing exercises of the year were held. After a very enjoyable program rendered by the pupils of the different grades the visitors were invited to visit the rooms and examined the work on display there. The exhibit, which was taken from the every day work of the year, was a credit to both teachers and pupils. After the work had been examined the guests were invited into an unoccupied room where refreshments were served.

About seventy visitors were present and expressed themselves as highly pleased with the afternoon's entertainment.

WILL REPRESENT PONTOTOC IN STATE SPELLING BEE

Miss Myrtle Donaghey, a student of the Allen public school, has been appointed to represent Pontotoc county in the state spelling contest to be held at Oklahoma City on June 15th.

Peary Sued by Dr. Cook.

Berlin, June 8.—According to the Lokal Anziger Dr. Frederick A. Cook the Arctic explorer, has instituted suit in the Berlin courts against Commander Robert E. Peary. The paper says Cook seeks to recover \$10,000 which he alleges to be due him in payment for bear skins and other polar products delivered to the commander.

Commander Peary arrived here this evening and is stopping at the Aldon hotel. Immediately after his arrival he was served with a notice of a suit that had been instituted against him in the local courts. He declined to discuss the matter until he had conferred with American Ambassador Hill.

He, however, stated positively that the suit had not been brought by Dr. Cook nor on the latter's behalf and that Cook was in no way concerned with the litigation. Commander Peary delivered a lecture in Philharmonic hall tonight.

PICNIC RAINED OUT

The picnic at the County Demonstration Farm yesterday was broken up by the hail and rain shower. While there was a large crowd present and every thing at first bespoke an entirely successful day, broke right into the middle of the speech making.

Many of those who were on the program and who had prepared excellent addresses did not get to say anything. However it is agreed to repeat the yesterday's program about the middle of next month.

Resolutions.

Whereas, it has pleased our Supreme Grand Master to call our worthy brother, S. S. Rains, from labor to rest in the Celestial Lodge on high; therefore be it

Resolved, That in the death of Brother Rains we lose a worthy member of our order, a just and upright Mason, and a good citizen. He departed this life full of years—ripened with age and experience; he was well qualified, duly and truly prepared for admission into the Celestial Lodge above, where our Supreme Master presides.

Resolved That our hearts go out in sympathy to the bereaved and while we fondly cherish the memory of our departed brother, we will not forget those he loved.

Resolved, That a copy of these resolutions be sent to the family, and to each of the local papers, and the same be spread on the minutes of the lodge.

A. B. YEAGER,
E. H. McKENDREE,
C. J. WARREN,
Committee.

VOTE TOMORROW

It seems that there is but little interest manifested in the coming election tomorrow. Four of the precincts of the county have failed to report for supplies. The people should bear in mind that the ballot is the power that rules the state and that next to the sin of voting wrongly is not voting at all. The questions to be decided tomorrow concerns you as well as your neighbor so why not take some action.

The voting boxes for the city have not been designated, with the exception of the First Ward at the city hall, but doubtless be at the customary places. You will have no trouble finding out where to go to cast your ballots and be sure to cast it. Otherwise the man whose interest is adverse to yours will dictate the policy of the government.

RIVER AND HARBOR HELD IN SENATE

Effort to Send the Bill Back to a Conference Proves Ineffective.

Washington, June 9.—The Senate today overwhelmingly defeated the attempt of certain Democratic and Republican Senators to send the rivers and harbor bill back to conference. Most of the senators who wanted to reject the conference report had projects which the conferees had turned down. These Senators united with Senator Burton of Ohio, who was opposed to most of these projects, but who wanted the bill returned to the conference because the conferees had also slaughtered the provision to keep the National Waterways Commission alive for another two years after March 3, 1911.

The twelve senators who voted against accepting the conference report were Bacon, Bailey, Beveridge, Burton, Fletcher, Frazier, Hughes, Johnson, Newlands, Paynter, Stone and Warner.

Criticizes Engineer's Report.
In a speech in which he advocated the rejection of the conference report Senator Bailey referred to the Beaumont-Orange project, for which he had sought to obtain an appropriation. He objected to the rule of the house that no item shall be included in the rivers and harbors bill that is not first approved by the board of army engineers. He said he wanted to be guided by the technical knowledge of this service.

"But," he added, "never will I consent to see the senate abdicate to the engineers of the army the right to say what shall be our commercial facilities. They are not a part of our people. They know little of our commerce, and no more dangerous policy could be entered upon than to say that our people can have nothing until the engineer's grace permits it."

Referring to the local engineer's report on the Beaumont-Orange project he said:

"In this report the engineer assails the policy of Texas and our Railroad Commission and declares that the project under consideration ought not to be undertaken because, he says, the Railroad Commission of Texas will defeat the object of the work. It invades the field of controversy, for that question has been one of controversy, political as well as legal. Yet this engineer, by an imprudent intrusion of his opinion, tells Congress that the laws of Texas are so unreasonable that her people ought to be denied this provision for their commerce."

"I want to show that when these engineers are permitted to decide this question of commercial facilities they have, like other men, their preferences and their prejudices. In this very report, when they condemn the proposition which the conference report now excludes from the bill, there is a statement that this condemned project is more feasible and cheaper than another (the Houston ship channel project) which the house has included in the bill."

Officer Biased.
"This army engineer was trying to build up the port to Galveston at the expense of Houston. This same army engineer suggests that certain things could be done for Port Arthur instead of doing them for Orange and Beaumont. In other words, this report makes it patent to my mind that he has been biased by local preferences."

"If I, a Senator from Texas, allow myself, honestly, to be controlled by local prejudices and make a mistake, I am within the jurisdiction of those people and can be made to suffer for my mistake, but if army officers are permitted to discriminate between rival towns, the people of Texas have no recourse."

Senator Bailey suggested "that the rule of the house worked very well for Congressmen who have not the courage to take a stand for or against a project, for it enables them to fix the responsibility on the engineer."

"WHITECAPS" KILL AN INNOCENT GIRL

Hennessy, Okla., June 9.—A report reached here yesterday of the killing of Miss Nancy Duncan, daughter of Stephen T. Duncan, a farmer near Columbia, Okla., by "whitecaps" last night.

For some time a feeling of enmity against Duncan and his four sons existed in the neighborhood. Last night a company of masked men rode up to the Duncan residence and demanded that Duncan and his sons come out. This they refused to do and the masked men fired several volleys into the house, killing the girl.

The men rode away without trying to learn whether they had killed or injured anyone. Officers went from here today to investigate the affair.

Five room house for rent on West 13th street \$15.00. Weaver Agency.

AGAINST AMENDMENT TO ARTICLE 9

Indications Point to 50,000 Majority Adverse to Railroad Amendment.

Guthrie, Ok., June 9.—There is wide variance in estimates of the advocates and opponents upon the outcome of Sec. 49 to Art. IX of the constitution submitted to the voters on Saturday. Dorsett Carter of Purcell, in charge of headquarters, and advocating adoption of so-called railroad amendment, estimates the proposition will be adopted by a majority anywhere from 15,000 to 20,000. Chairman Jack Love of the state corporation commission, who has been leading the fight against adoption, estimates the total vote will not exceed 150,000 and that 100,000 will be cast adverse to the amendment. This would mean defeat for the proposition by 50,000 majority. Elaborate preparations are being made for getting returns on Saturday night. The Oklahoma City State capital committee will receive reports at the Commercial Club rooms in Oklahoma City and the Sec. 49 advocates will do likewise at their hotel headquarters also in Oklahoma City. Reports will also be gathered by the Guthrie and Shawnee capital committees and in their respective towns. Secretary Will Linn of the state election board has arranged for early returns to the board. Practically all heads of governmental departments will be absent Saturday. Chairman Love left tonight for Woodward and Commissioner Watson for Shawnee to cast ballots in the Saturday election, the latter speaking at Shawnee Friday night. Gov. Haskell completes a speaking tour at Muskogee tomorrow afternoon and will remain there Saturday. Campaign committee has put their last reading matter in the mails tonight, figuring it would reach voters prior to Saturday morning.

Elks to Meet Next at Tulsa.

Lawton, Ok., June 9.—Scenes shifted this morning in the entertainment of the fourth annual convention of State Elks, from Lawton to the Fort Sill Military Reservation, where the three batteries of the First Field Artillery, under command of Col. W. M. Andrews, gave a series of regular army maneuvers lasting several hours. Other features at the post were pack-train drills, a polo game and various athletic contests of a military nature. The officers at Fort Sill received the guests.

Various automobile excursions were run over the reservation on which the Indian mission school, Medicine Bluff, Medicine Park and many other places of interest were visited.

Tulsa was unanimously selected as the place in which to hold the state convention of Oklahoma Elks in 1911.

LIGHTNING KILLS TWO DURING STORM

Loss of Life and Great Property Damage in General Storm.

Kansas City, June 9.—Lightning killed Mrs. Charlotte Hicks and property estimated to be worth \$100,000 was destroyed during a severe storm here yesterday and three and one quarter inches of rain fell.

The rainfall was general throughout Kansas, but not so severe as here. Richard Constable, a farmer residing two miles southeast of Topeka, was killed by lightning while working in the field.

You appreciate how uncomfortable the kitchen is these warm days? It will be worse as you advance further in the summer. Why not use electricity and be cool? You can cook, bake, operate your sewing machine, wash and iron. In fact, there is nothing which cannot be accomplished with electricity that is accomplished by either gas or an ordinary range. It is odorless, no heat, no smoke simply press the button and we do the rest.

TO SELL PUBLIC BUILDING WARRANTS

May Follow Plan of French Republic and Appeal to the Citizens of the State.

Guthrie, Ok., June 9.—Oklahoma may appeal to its citizens in order to sell the issue of public building warrants authorized by the legislature during the special session. The original issue, amounting to \$2,025,000, is pledged by sale money and income from public building lands, and is to be used in the erection of public buildings. The first series of \$750,000 is still in possession of the state, save about \$100,000, a small portion of which was sold for cash, the remainder going indirectly to state contractors.

In a letter to Gov. Haskell, attorney general West suggests that the issue might be placed among farmers, business men and merchants of the state, as did the French republic in creating the war indemnity that Nation had to pay the German empire. A similar plan was used, the Attorney General says, by Galveston in disposing of its seawall bonds. The warrants are issued in denominations of \$500, and in order to carry out the idea, it is suggested that a commission of two be named to issue certificates in smaller sums to apply against the building warrants, and sell the certificates to the people at home. Warrants are non-taxable, bear interest at the rate of 5 per cent, and, the attorney general believes, are as good as United States 2 per cent bonds.

TO TUCK LOOSE \$5,000,000.

Work Ordered Suspended on New York Central Lines to Be Resumed.

Washington, June 10.—President W. C. Brown of the New York Central was so pleased at the way in which President Taft has treated the railroads in the present controversy over rates, that he said he would order the resumption of all work on the Central which he ordered suspended on Friday last. This work, it was said at that time, would require the expenditure of \$5,000,000. It had to do with improving stations, building new ones, laying of additional tracks and making yard and roadbed improvements. The Central also will permit the Pressed Steel Car Company, the Standard Steel Car Company and the American Steel Car Company of Pittsburgh to go ahead with orders given them some time ago for 3,000 new freight cars, which it was estimated would cost about \$1,000 apiece. The orders for these cars were cancelled on Friday also.

Commenting on the agreement reached with the administration today, President Brown said: "It was just as good an arrangement as could have been made. It is so satisfactory that I intend to order the resumption of work on the Central which was ordered stopped last week."

Further comment, Mr. Brown said was unnecessary.

Roosevelt's Speaking Tour.

Washington, June 9.—Theodore Roosevelt will have to change his mind before he makes political speeches in twenty-four states as has been forecast. In a letter just received from a Western Senator with whom he is up on close terms of intimacy, he says that it is his desire to confine his speeches to one in each state and that he will attempt to speak in but four states.

This decision is a disappointment to the other twenty states. Just whether it is a detriment to the regular republicans or to the insurgent wing of that party will be more clear after the arrival of Col. Roosevelt in the United States and his definite statements of support to one side or the other of the nation-wide controversy.

Muskogee Man Suicides.

Muskogee, Okla., June 9.—J. M. Hoffman, a former hotel proprietor here, tonight committed suicide under the belief that he had killed Malcolm Hunter, with whom he quarreled when the latter attempted to prevent Hoffman from seeing his wife, from whom he is separated. Hunter was shot four times but is living and Mrs. Hoffman received a stray bullet in her arm.

CROSS REQUIRED

To Name Date for Hearing of Grandfather Clause Protests.

Guthrie, Ok., June 9.—District Judge Huston granted a writ of mandamus against Secretary of State Cross, upon application of James A. Harris, chairman of the republican state committee, requiring the former to name a date for hearing protests against the so-called grandfather clause.

Harris claimed that the hearing given by the secretary this week was premature, and demanded that it be fixed within five days after date service was obtained upon the person filing petitions.

The court's order requires a hearing within five days after June 7, or that the secretary of state make answer by June 17. The grandfather clause was initiated as an amendment to the suffrage article of the constitution and proposes an educational test for voters whose ancestors did not have the right to vote under some form of government prior to Jan. 1, 1866.

Don't Delay.

Let us show you the Dan Hays addition today. Prices reasonable, terms easy—without interest.

RICHARD FLOOD
Farmers State Bank

Receiver's Sale of Merchandise.

By virtue of an order of sale issued by the Honorable A. T. West, judge of the district court of the seventh judicial district of the state of Oklahoma, in an action pending in the district court of Pontotoc county, in said judicial district, wherein C. C. Ingram, et al., are plaintiffs and Texas Department Store of Ada, Oklahoma, et al., are defendants and Hargadine-McKetterick Dry Goods Company, et al., are interpleaders and on the motion and application of said interpleaders, on the 4th day of June, A. D. 1910, which said order of sale directed the undersigned, as receiver of the said Texas Department Store to advertise and sell at public auction in bulk or in bulk departments the assets of the said Texas Department Store now in the hands of the said receiver, which said assets consists of a stock of dry goods, shoes, clothing, hats and notions and groceries, and the fixtures in the building where said stock is located, of the estimated value of nineteen thousand dollars, (\$19,000.00); a stock of hardware and the fixtures in connection therewith of the estimated value of five thousand three hundred dollars (\$5,300.00); a stock of furniture and fixtures of the estimated value of four thousand dollars, (\$4,000.00); said property and the inventory thereof may be examined at the store rooms at Ada, Oklahoma.

Notice is hereby given, that I, A. K. Thornton, as receiver aforesaid, will sell the above described personal property to the highest bidder, for cash, at public auction, at the city of Ada, Oklahoma, on Saturday the 18th day of June, A. D. 1910, between the hours of ten o'clock a. m. and four o'clock p. m. of said day, in front of the place of business of said Texas Department Store, bids to be received first on the entire stock in bulk, and second on the stock in departments as above set forth, the successful bidder to deposit a certified check for \$1,000.00 with said receiver as evidence of good faith and said sale is subject to confirmation and approval of the said district court.

Dated at Ada, Oklahoma, June 6th, 1910.

A. K. THORNTON,
Receiver of Texas Department Store of Ada, Oklahoma

THE Ada National Bank

From the day of its opening, July 23, 1900, down to the present time the business of this Bank has gone forward without interruption.

THE ELECTION ON TOMORROW

The county election board has appointed the following inspectors for the respective voting precincts tomorrow. While the voting boxes for the city have not been designated it is supposed they will be fixed at the usual places. However, the city hall has been secured for the first ward.

Inspectors.

First Ward—A. D. Tanner.
Second Ward—Gale Stadler.
Third Ward—Mel Davis.
Fourth Ward—W. C. Lee.
Capital Hill—C. O. Bills.
Daggs—W. C. Weatherly.
Price School House—T. C. Cooper.
Owl Creek—S. A. Fish.
Black Rock—W. A. Barrett.
Allen—Brians.
Lula—R. S. Baker.
Jesse—F. H. Filppin.
Dollsberg—Will Lindsey.
Francis—J. T. Watson.
Conway—Wade Allison.
Prisco—G. H. Truax.
Latham—Berk Stanford.
Hart—W. A. Bloomingkemper.
Tyrola—Frank Hooker.

Oakman—W. J. Sloan.
Roff—C. Y. Partain.
Stonewall—N. T. Heard.
Knox—S. W. Masters.

There are four precincts that have not reported for election supplies, viz: Fitzhugh, Lightning Ridge, Sunshine and Chester.

WILL NOT HOLD COURT IN JULY

Judge Raney Writes Letter to County Attorney Winbush to That Effect.

Atoka, June 7, 1910.
Hon. Robert Winbush, Co. Atty.
Dear Sir and Friend: Replying to your favor of the 3rd inst, relative to the term of court at Ada in July will say that I have talked with a number of the lawyers besides yourself, and have decided not to hold court in July, but to come there on the first Monday in July, and adjourn the term of court until the middle of August, or the first Monday in September. While there, I will sentence any prisoners who desire to plead guilty, and attend to other matters of urgent necessity. With best wishes, I am, yours very truly,
ROBT. M. RAINEY.

ADA'S CHAUTAUQUA

Plans are being completed for the Chautauqua which is to be held in Ada June 22-23. The city hall will be used for the Chautauqua which is an enterprise for the good of the city. It is proposed that whatever profit may accrue from the Chautauqua be given to the city for a public library. This plan can only be adopted by securing a number of our citizen who will assume the financial responsibility for the enterprise. This responsibility will be very small if several men are willing to share it. Another meeting is to be held in the city hall next Tuesday evening when Hon. I. M. Holcomb, of Oklahoma City will deliver an address. This address of this orator and well known lecturer will be well worth an effort to hear. The meeting is free to every body and a cordial invitation is extended to the public to attend.

Young Men Graduates.

Orel Busby and Tal Crawford, well dressed and with good looking, intelligent visages, were very prominent last evening sitting each between sweet young lady graduates, waiting to receive their sheep skins. Ada and evidently the E. C. S. N. are proud of these two high class young men.

Porter Recommitted to Jail.

Harrison Porter the Indian who was arrested a few days ago on charge of criminally assaulting his thirteen year old step daughter came up to be heard by Justice Brown today. He waived a preliminary trial and his bond was fixed at \$5000. On failure to make bond he was recommitted to jail.

Methodist Church Sunday.

Instead of the musical program which has been discussed there will be the regular services at the First Methodist church next Sunday. The pastor will preach at both morning and evening hours. You are always welcome at this church. Special music for Sunday.

PUBLIC SCHOOLS CLOSE TODAY

Over a Thousand Children Now Free to Enjoy Life in Their Own Sweet Way.

While class work was brought to a close the first of the week, and a good many of the grades dismissed, today is the day when the public schools of the city officially close. The final tests have been made, the grades are all in, the recitals and exhibits have been given and now both teacher and pupil is feeling free to enjoy a summer vacation. That the schools have been successful can not be gainsaid—that Ada feels proud of her schools—the students and teachers goes with question. It is a credit to the schools as well as the teachers that of those who have so faithfully served the people this year, not one has been refused a position next year if we understand the situation correctly. Twenty-one teachers besides a superintendent has been elected for next term. Naming the superintendent and principals they are T. N. Robinson, Prof. Ben McCurry, Miss Nell Rees and Prof. A. Floyd of Asher, respectively. But, hurrah! school is out for this year!

PREPARING FOR SUMMER NORMAL

The question of boarding places for the large number of students who will attend the summer term of the East Central Normal has been a problem rather difficult to solve. At the commencement exercises last night Pres. Briles urged the people of Ada to make room as far as possible in the homes for these incoming students. In order to accommodate these four or five hundred teachers who will be in attendance, the south side school building will be equipped and placed in competent hands to furnish meals at a nominal cost to those who may desire to take meals near the High School building, where the Normal will be held. Though they will have to room at the different homes over the town they will not be inconvenienced by taking their meals at the school. On the other hand a good many steps which mean time and energy will be saved.

PATRONS DAY ON EAST SIDE

Wednesday afternoon at the East Side school, the closing exercises of the year were held. After a very enjoyable program rendered by the pupils of the different grades the visitors were invited to visit the rooms and examined the work on display there. The exhibit, which was taken from the every day work of the year, was a credit to both teachers and pupils. After the work had been examined the guests were invited into an unoccupied room where refreshments were served. About seventy visitors were present and expressed themselves as highly pleased with the afternoon's entertainment.

WILL REPRESENT PONTOTOC IN STATE SPELLING BEE

Miss Myrtle Donaghey, a student of the Allen public school, has been appointed to represent Pontotoc county in the state spelling contest to be held at Oklahoma City on June 15th.

Peary Sued by Dr. Cook.

Berlin, June 8.—According to the Lokal Anziger Dr. Frederick A. Cook the Arctic explorer, has instituted suit in the Berlin courts against Commander Robert E. Peary. The paper says Cook seeks to recover \$10,000 which he alleges to be due him in payment for bear skins and other polar products delivered to the commander.

Commander Peary arrived here this evening and is stopping at the Aldon hotel. Immediately after his arrival he was served with a notice of a suit that had been instituted against him in the local courts. He declined to discuss the matter until he had conferred with American Ambassador Hill.

He, however, stated positively that the suit had not been brought by Dr. Cook nor on the latter's behalf and that Cook was in no way concerned with the litigation. Commander Peary delivered a lecture in Philharmonic hall tonight.

PICNIC RAINED OUT

The picnic at the County Demonstration Farm yesterday was broken up by the hail and rain shower. While there was a large crowd present and every thing at first bespoke an entirely successful day, broke right into the middle of the speech making.

Many of those who were on the program and who had prepared excellent addresses did not get to say anything. However it is agreed to repeat the yesterday's program about the middle of next month.

Resolutions.

Whereas, it has pleased our Supreme Grand Master to call our worthy brother, S. S. Rains, from labor to rest in the Celestial Lodge on high; therefore be it Resolved, That in the death of Brother Rains we lose a worthy member of our order, a just and upright Mason, and a good citizen. He departed this life full of years—ripened with age and experience; he was well qualified, duly and truly prepared for admission into the Celestial Lodge above, where our Supreme Master presides.

Resolved That our hearts go out in sympathy to the bereaved and while we fondly cherish the memory of our departed brother, we will not forget those he loved.

Resolved, That a copy of these resolutions be sent to the family, and to each of the local papers, and the same be spread on the minutes of the lodge.

A. B. YEAGER.
E. H. MCKENDREE.
C. J. WARREN.
Committee.

VOTE TOMORROW

It seems that there is but little interest manifested in the coming election tomorrow. Four of the precincts of the county have failed to report for supplies. The people should bear in mind that the ballot is the power that rules the state and that next to the sin of voting wrongly is not voting at all. The questions to be decided tomorrow concerns you as well as your neighbor so why not take some action.

The voting boxes for the city have not been designated, with the exception of the First Ward at the city hall, but doubtless be at the customary places. You will have no trouble finding out where to go to cast your ballots and be sure to cast it. Otherwise the man whose interest is adverse to yours will dictate the policy of the government.

and nailed to the cross the world's only perfect model. If angels ever weep it must be over the works of honest ignorance, not in a spirit of anger but in the spirit of brotherly love and kindness which says "Father forgive them, for they know not what they do."

Young ladies and young gentlemen it gives me great pleasure to present to you these diplomas which bear evidence of the fact that you have creditably completed the course prescribed for graduation from this institution. You go forth as the standard bearers of this school and I wish that you may remember that in all things we must all participate in the honor and share in the disgrace of every individual member. Remember also that whatever you may do or whatever you may do the best wishes of this institution will go with you and let me exhort you not to get discouraged when you meet the obstacles of life. It is the rough sea that makes the skillful sailor. Take courage and be brave. There is a rift in the cloud if you will only look and when you have finished your work on earth on earth may you hear from the shore the welcome plaudits. Well done thou good and faithful servant inasmuch as he did it to one of the least of these my brethren ye did it unto me.

FIRST E. C. N. GRADUATE.

Miss Carma Dallas, charming Senior and Business Manager of Pathfinder.

Miss Carma Dallas first East Central Normal graduate leaves for her home at Konawa this afternoon. Miss Dallas legion of Ada friends are evidently glad that she does not reside further than a neighboring town for in that there is promise of greater frequency of return visits.

Miss Carma as her Ada friends are permitted to refer to her has probably impressed her charming personality on the student body within the polite young society of the city and among the business citizens more than any young lady in the city during the normal year.

Miss Dallas was the business manager of the college magazine the Pathfinder and performed the very remarkable feat of financing its publications from the issue of the initial number. Whether as solicitor or collector the business citizens were all ways pleased to respond to her wishes. The News Regulator of the courtesies extended it by Miss Dallas as business manager of the pioneer and above that its observation of her, wishes that this were the conclusion of her freshman year in the E. C. N. rather than that of senior, when she departs as an alumnus.

Miss Kate Robison Graduate.

BOY WORTH \$50,000 HELD IN PEONAGE

Heir to Fortune in Cuba Runs Away, Comes to Oklahoma—Alleged Held as a Peon.

Wheatland June 10.—The entire town of Wheatland is aroused over the story of peonage to which Hugo Hudson a Cuban 20 and heir to \$50,000 including valuable property in the city of Havana has been subjected to for the last two months.

Held in captivity on a farm two miles from the town where Hudson first applied for work he was forced at the point of a gun according to his story to sign notes amounting to \$22,000 by the owner of the farm whose home is said to be in Fairbury Neb. and his resident overseer in whose mind the idea is said to have originated.

Treated so inhumanely that he is now in the hands of Dr. C. W. Joyce of Wheatland the young Cuban was only let out of the eyesight of the overseer at rare intervals and then only for a short time.

Left Orphan's Home.
Hudson arrived in Wheatland about two months ago after escaping from an orphan home at Havana where he and his younger sister had been placed upon the death of their father. They thought they were penniless in the world and February 13 Hudson made his escape from the home and came to Oklahoma.

A few days after his arrival in this country and before he arrived in this state he received word that he was the possessor of about \$50,000 which was well invested in his native country.

The father dying told friends that he had left a trunk which was not to be opened until the youngest of his two children had left the orphan home where he had made arrangements for them to be taken care of until they reached an age where they could go forth into the world and battle with life's cares.

The daughter left the home shortly after her brother's escape and upon opening the trunk found the wealth. She at once notified Hugo but he had become interested in the new country and pushed onward into this state.

Taft Will Not Remove Negroes.

Seattle, Wash. June 8.—When Mayor Hiram C. Gill learned today of President Taft's refusal to move the negro soldiers from Fort Lawton he at once ordered sixty emergency policemen placed in the Fort Lawton district. The mayor also ordered the closing of negro resorts near the fort where negro soldiers have obtained liquor.

Private Nathaniel Bledsoe made a full confession today after he was turned over to the civil authorities. He said he was drunk when he entered Mrs. Redding's house. Bledsoe said that no other soldier should share the blame. He begged to be permitted to plead guilty and be sentenced.

Further representations will be made to President Taft. Evidence of nine other alleged offenses against women is being collected and will be sent to Washington by the committee of inter-bay citizens who are at the head of the agitation.

DON'T FORGET.

To pay your telephone bill by June 15, 1910 and avoid having your telephone service discontinued. Present card to be receipted.

Lot For \$150.00.

Ror this amount we have a pretty lot in Sunrise. Some terms. WEAVER AGENCY

GOT \$10,000 ON BAD COLLATERAL

Man Under Arrest on Coast Said to Have Served Time for Offense.

Los Angeles June 9.—The police here say that James A. Woodbury recently arrested in Chicago and returned to Los Angeles on a charge of passing worthless checks is J. L. Merrell wanted in Kansas City to having borrowed \$10,000 on fictitious collateral. Merrell previously served time in prison for looting the state bank of Highland Kan. of \$10,000. Following the return of Woodbury from Chicago in charge of a detective Chief of Police Galloway began an investigation of his record. Galloway declared with the aid of the Bertillon system and assistance from Warden J. K. Godding of the penitentiary at Lansing Kan. and the discovery of various connecting links that the identification of Woodbury as Merrell the former banker is complete. Chief of Police Snow of Kansas City has been notified.

Following the looting of the state bank of Highland Marcell the cashier of the institution was convicted on five counts for forgery and sentenced on May 27, 1904 to an indeterminate term from five to thirty-five years in the penitentiary at Lansing. He was discharged February 25, 1907 a pardon having been procured through the efforts of his friends.

Woodbury then went to Kansas City according to the information given by Warden Godding and engaged in business. He is alleged to have gained the confidence of a number of business associates and after borrowing from them \$10,000 on worthless paper fled the city.

Marcell was a member of one of the leading families of Highland Kan., and a son-in-law of the president of the State bank. His alleged method in looting the bank consisted in forging notes of wealthy men to cover amounts which he withdrew.

BULGIN STIRS UP CLAREMOREITES

Reads Sensational Affidavits Regarding Protection of Violators.

Claremore Okla. June 10.—Sunday was the most sensational day of Rev. Bulgin's meeting here. Charges were made and affidavits read. Two affidavits were read from the men who swore that they have sold liquor in Claremore and for the purpose had paid to the sheriff's office and also to the police officials of the city \$37.50 each per month for protection and that they had been protected. The evangelist still says that he expects a special grand jury this week on the promise of Governor Haskell. He condemns the sheriff and says the people of Claremore and Rogers county should not wait until the end of his term to get rid of him, but he should be fired at once.

Last week S. P. Parks, who has been made an enforcement officer of the state, raided the town from one end to the other and secured a large quantity of liquor. A request was made of the sheriff to deputize him to make arrests, but the sheriff refused and Sunday evening at the law and order meeting, a motion was passed demanding of the sheriff again that he do so. The demand will be presented to the sheriff today.

Another meeting of the law and order league will be held Wednesday night, at which time Bulgin expects to read a number of affidavits and the names of men who made them.

GOVERNMENT FORCES SUFFER DEFEAT

Repulsed Under Chiriquia at Rama. Attempt Reconcentration Made.

Washington June 9.—Reports from Consul Olney say that official reports have been received at Managua to the effect that the military forces under Gen. Chiriquia suffered a disastrous defeat before Rama and the new making an effort to concentrate at Nuebla. For Huayra where another stand will likely be made.

The court at Chicago told Estrada in response to his request that the court exert its influence to have Madrid accept the mediation of the United States as proposed that it would do what was possible on re-assembling but reiterated the offer of friendly mediation of April 27.

American Prisoner Well Treated.
Washington June 9.—William P. Pittman the American engineer who was captured some days ago by the Madrid forces in Nicaragua while operating mines under the direction of Estrada is reported to be well and is treated with consideration.

Consul Moffat in a telegram to the state department from Bluefields, says he is paying particular attention to Pittman and that the officers from the United States warships in the harbor visit Pittman every few days at the bluff.

They are of the opinion that there is nothing to complain of as to his treatment.

LOOKS FAVORABLE FOR POSTAL SAVING

Washington June 9.—The house expects to pass the postal savings bank bill tomorrow afternoon.

In order to dispose of the measure the house will meet at 11 o'clock tomorrow morning and the debate will run all afternoon.

It is expected that the bill will pass on a strict party vote with the exception of a few ultra-conservatives who will vote against any kind of a postal savings bank law.

The chances for the senate accepting the house bill, in lieu of sending it conference, are still good. Such a course would make the postal savings bank bill a law this week.

E. C. N. CLOSES SCHOOL YEAR

MAGNIFICENT AUDIENCE WITNESS GRADUATING EXERCISES; AN INSPIRING OCCASION.

MUSIC, BEAUTY AND ORATORY

Judge M. L. Williams of Muskogee Delivers Graduating Address; President Briles Delights Audience; Diplomas Presented.

The program of the graduating exercises of the E. C. N. was rendered as published in Thursday's News.

The musical program furnished by the music department of the college and directed by Misses Anderson and Case was par-excellent and appreciated by the magnificent audience which filled the auditorium to the utmost.

The "Jewel Song" by Miss Gertrude Thompson, graduate of vocal music, was beautiful, and when President Briles in ornate and appropriate language presented this popular home young lady her diploma there could not have been felt but general approval.

The Honorable M. L. Williams of Muskogee delivered the address of graduation, which was strong and well received.

When Judge Williams had concluded, President Briles, as is his custom, when occasion exacts him to speak at all, delivered a magnificent little address after which he presented the diplomas.

President Briles' Address in Part in Substance.

Today marks the close of another school year. During the months and days of this year and the former years of your college career you have been striving to store your mind with facts of useful knowledge, that you might be prepared to meet and assist in the solution of the problems of the life of the world in the society of which you find yourself a part. Learning is supreme and you are its champions. This institution is the

place where men are made. The fruitage of its endeavor must be manhood, scholarship, character—or its existence becomes a mockery.

You stand today as the exemplars of the law of the survivor of the fittest. "Hoists by great men reached and kept were not attained by sudden flight," but they, while their companions slept, were toiling upward in the night. Many of your former classmates, on account of the difficulties of the problems which confronted them in their college career,

every line of human endeavor within the new State of Oklahoma is the marvel of the ages. In Oklahoma we have ceased to subscribe to the statement that "we think the same thoughts that our fathers have thought, and do the same things that our fathers have done." We are thinking different thoughts and doing things in a manner so different to the established customs of the older states that the world is beginning to wonder at the remarkable progress of the young giant of the

floating on the floor shall be lifted "nevermore."

Young ladies, young gentlemen, you have started in life with bright prospects. Ours is an age of letters, and instead of a few rescripts of an ecclesiastical lore found hidden in the dusty archives of the old Romish church, and delegated only to the chosen clergy the advantage of learning are tendered to all classes. But there is no excellence without great labor. Sebeca said, "Men by doing nothing learn to do mischief." "An idle brain is the devil's workshop." A busy man is never a criminal.

Young man, young woman, build higher. Be not content with things low and groveling. Mount up with wings as eagles, and when the storms of life gather, and the thunders roar, and the lightnings flash swifter than the flight of Phobos, car, soar above the raging tempest of life's failure, and enjoy full measured success. When the Mohammedan plays, he turns his face toward Mecca, when the Jew prays, he turns his face toward Jerusalem, when the Christian youth prays for inspiration he turns his eyes to the hills and follows the footsteps of Clay, Webster, Johnson, Lincoln and Garfield, who came up from poverty, want and privation Great country this.

Our schools, our colleges, our universities, our churches, our institutions, our laws insure to all alike opportunities for success. We are upon a common level—the high and the low, the rich and the poor. There is no line blood, long line of lineage, or royal families to stand in the way of your promotion. Energy and courage and pluck and labor, constitute our capital, and up from the shops, the factories, the furnaces, the fields and the forest, without money, without friends, except as they make for themselves, by their own brain, their own will, have come our great captains of industry.

Finally young ladies and young gentlemen let me say to you that the State of Oklahoma needs your services and will look to you as leaders in directing the affairs in all departments of life's work. It is yours to assist in the dissemination of truth and the abolition of ignorance. Ignorance is ignorant of its own ignorance. It is the blind Samson who destroys the temple and all. It is the wild furor of the multitude, crying of its best friend, crucify him, crucify him, give us Barabaz it has enslaved in the name of freedom, killed its best prophets in the name of progress, persecuted and tortured in the name of the Prince of Peace.

POSTAL SAVINGS PASSES HOUSE

ALL REPUBLICANS AND TWENTY-SIX DEMOCRATS VOTED FOR POPULAR MEASURE.

THE SALIENT FEATURES

Every President from Grant Down Recommended Passage of This or Similar Law.

Washington, June 9.—By a vote of 195 to 101 the House at 8 o'clock tonight passed the postal savings bank bill. Every republican, including all of the insurgents, and twenty-six democrats voted for the adoption of the bill.

Only One Texan Favorable. Representative R. L. Renry, the only Texas member who voted for the adoption of the bill, reflects the views of the democrats who voted for the measure in the following statement made to correspondents on the passage of the bill.

"By passing this bill," said Representative Henry, "we establish the postal savings bank for the benefit of this and future generations. I am for the legislation, and in obedience to the demand of the Democratic platform and in accordance with my pledges to my constituency I voted for the postal savings bank bill. It may have imperfections, and I think it has, but we can amend it as defects become apparent through experience."

Finley's Substitute Lost.

On conclusion of the eight hours of debate the house voted on a motion by Representative Finley of South Carolina, the ranking democrat on the postoffice committee, to substitute his draft of a postal savings bank bill for the pending measure. This was lost by a strict party vote of 113 to 196, except that Representative Norris of Nebraska, an insurgent republican, voted for the Democratic substitute.

Then followed the motion by Representative Weeks of Massachusetts, chairman of the House Committee on Postoffices and Post Roads, to substitute the house bill for the senate bill, and on this roll twenty-four of the twenty-six democrats who subsequently voted for the adoption of the bill, cast their votes in favor of the substitution. Six insurgent republicans, Messrs. Gronna of North Dakota, Hubbard of Iowa, Leavort of Wisconsin, Nelson of Wisconsin, Nor-

ris of Nebraska and Woods of Iowa, voted with a majority of the democrats against substituting the house for the senate bill.

The next roll call was on the motion of representative Moon of Tennessee to recommit the bill, which was voted down by 187 to 118, and then came the roll call on the final passage of the bill.

The bill will go to the senate tomorrow, where it is thought likely that body will accept the house measure thus avoiding sending it to conference.

Concludes Chapter of Interest.

The passage of the postal savings bank bill tonight concludes one of the most interesting chapters in the history of legislation. Such a bill was recommended by every President of the United States in a message to congress, from President Grant down to every attempt at its enactment was defeated either in one branch or the other of congress. It was only through the new arousing of public interest in such affairs of legislation within recent years that public sentiment sufficiently asserted itself to compel an unwilling congress to establish this institution.

The democratic position in this matter was unique. In the senate democrats based their opposition to the bill mainly on its alleged unconstitutionality. But in the house tonight the democrats admitted its constitutionality, as well as its necessity, when they voted for the Finley draft of a postal savings bank bill.

DALLAS MAN HEADS CONSUMPTION WAR

Oklahoma City Selected as Probable Place of Meeting for New Organization.

St. Louis, Mo., June 9.—Dr. William Brumby, of Dallas, Texas, was elected president of the Southwestern Conference on Tuberculosis, organized here yesterday by delegates from twelve southwestern states. Oklahoma City was selected as the probable place for the next annual meeting. A donation of \$1,000 to the Missouri society by the Anheuser Brewing association of St. Louis was announced at the conference. One of the principal purposes of the new southwestern association is to devise a system for caring for the influx of consumptives from the north into the southwest. The association's promoters announced that they did not propose to discourage the immigration of consumptives.

RIVER AND HARBOR HELD IN SENATE

Effort to Send the Bill Back to a
Conference Proves
Ineffective.

Washington, June 9.—The Senate
today overwhelmingly defeated the
attempt of certain Democratic and
Republican Senators to send the riv-
ers and harbor bill to conference.
Most of the senators who wanted
to reject the conference report had
projects which the conferees had
turned down. These Senators united
with Senator Burton of Ohio, who
was opposed to most of these pro-
jects, but who wanted the bill re-
turned to the conference because the
conferees had also slaughtered the
provision to keep the National Wat-
erways Commission alive for another
two years after March 3, 1911.

The twelve senators who voted
against accepting the conference re-
port were Bacon, Bailey, Beveridge,
Burton, Fletcher, Frazier, Hughes,
Johnson, Newlands, Paynter, Stone
and Warner.

Critiques Engineer's Report.
In a speech in which he advocated
the rejection of the conference re-
port Senator Bailey referred to the
Beaumont-Orange project, for which
he had sought to obtain an appropria-
tion. He objected to the rule of the
house that no item shall be included
in the rivers and harbors bill that
is not first approved by the board of
army engineers. He said he wanted
to be guided by the technical knowl-
edge of this service.

"But," he added, "never will I con-
sent to see the senate abdicate to
the engineers of the army the right
to say what shall be our commercial
facilities. They are not a part of
our people. They know little of our
commerce, and no more dangerous
policy could be entered upon than
to say that our people can have noth-
ing until the engineer's grace permits
it."

Referring to the local engineer's
report on the Beaumont-Orange pro-
ject he said:

"In this report the engineer assails
the policy of Texas and our Railroad
Commission and declares that the
project under consideration ought not
to be undertaken because, he says,
the Railroad Commission of Texas
will defeat the object of the work.
It invades the field of controversy,
for that question has been one of
controversy, political as well as legal.
Yet this engineer, by an imprudent
intrusion of his opinion, tells Con-
gress that the laws of Texas are so
unreasonable that her people ought
to be denied this provision for their
commerce."

"I want to show that when these
engineers are permitted to decide
this question of commercial facilities
they have, like other men, their pre-
ferences and their prejudices. In this
very report, when they condemn the
proposition which the conference re-
port now excludes from the bill,
there is a statement that this con-
demned project is more feasible and
cheaper than another (the Houston
ship channel project) which the
house has included in the bill."

Officer Biased.
"This army engineer was trying
to build up the port to Galveston at
the expense of Houston. This same
army engineer suggests that certain
things could be done for Port Arthur
instead of doing them for Orange
and Beaumont. In other words, this
report makes it patent to my mind
that he has been biased by local
preferences."

"If I, a Senator from Texas, allow
myself, honestly, to be controlled by
local prejudices and make a mistake,
I am within the jurisdiction of those
people and can be made to suffer for
my mistake, but if army officers are
permitted to discriminate between
rival towns, the people of Texas have
no recourse."

Senator Bailey suggested "that the
rule of the house worked very well
for Congressmen who have not the
courage to take a stand for or
against a project, for it enables them
to fix the responsibility on the engi-
neer."

"WHITECAPS" KILL AN INNOCENT GIRL

Hennessy, Okla., June 8.—A report
reached here yesterday of the killing
of Miss Nancy Duncan, daughter of
Stephen T. Duncan, a farmer near
Columbia, Okla., by "whitecaps" last
night.

For some time a feeling of enmity
against Duncan and his four sons ex-
isted in the neighborhood. Last night
a company of masked men rode up
to the Duncan residence and demand-
ed that Duncan and his sons come
out. This they refused to do and
the masked men fired several volleys
into the house, killing the girl.

The men rode away without trying
to learn whether they had killed or
injured anyone. Officers went from
here today to investigate the affair.

Five room house for rent on West
13th street \$15.00. Weaver Agency.

AGAINST AMENDMENT TO ARTICLE 9

Indications Point to 50,000 Majority
Adverse to Railroad Amendment.

Guthrie, Ok., June 9.—There is
wide variance in estimates of the ad-
vocates and opponents upon the out-
come of Sec. 19 to Art. IX of the con-
stitution submitted to the voters on
Saturday. Dorsett Carter of Purcell,
in charge of headquarters, and ad-
vocating adoption of so-called rail-
road amendment, estimates the propo-
sition will be adopted by a majority
anywhere from 15,000 to 20,000.
Chairman Jack Love of the state cor-
poration commission, who has been
leading the fight against adoption,
estimates the total vote will not ex-
ceed 150,000 an that 100,000 will be
cast adverse to the amendment. This
would mean defeat for the proposition
by 50,000 majority. Elaborate prepa-
rations are being made for getting
returns on Saturday night. The Ok-
lahoma City State capital committee
will receive reports at the Comm-
ercial Club rooms in Oklahoma City
and the Sec. 49 advocates will do
likewise at their hotel headquarters
also in Oklahoma City. Reports will
also be gathered by the Guthrie and
Shawnee capital committees and in
their respective towns. Secretary
Will Linn of the state election board
has arranged for early returns to
the board. Practically all heads of
governmental departments will be ab-
sent Saturday. Chairman Love left
tonight for Woodward and Commis-
sioner Watson for Shawnee to cast
ballots in the Saturday election, the
latter speaking at Shawnee Friday
night. Gov. Haskell completes a
speaking tour at Muskogee tomorrow
afternoon and will remain there Sat-
urday. Campaign committee has put
their last reading matter in the mails
tonight, figuring it would reach vot-
ers prior to Saturday morning.

Elks to Meet Next at Tulsa.

Lawton, Ok., June 9.—Scenes shift-
ed this morning in the entertainment
of the fourth annual convention of
State Elks, from Lawton to the Fort
Sill Military Reservation, where the
three batteries of the First Field
Artillery, under command of Col. W.
M. Andrews, gave a series of regu-
lar army maneuvers lasting sev-
eral hours. Other features at the
post were pack-train drills, a polo
game and various athletic contests
of a military nature. The officers at
Fort Sill received the guests.

Various automobile excursions were
run over the reservation on which
the Indian mission school, Medicine
Bluff, Medicine Park and many other
places of interest were visited.

Tulsa was unanimously selected as
the place in which to hold the state
convention of Oklahoma Elks in 1911.

LIGHTNING KILLS TWO DURING STORM

Loss of Life and Great Property
Damage in General Storm.

Kansas City, June 9.—Lightning
killed Mrs. Charlotte Hicks and prop-
erty estimated to be worth \$100,000
was destroyed during a severe storm
here yesterday and three and one
quarter inches of rain fell.

The rainfall was general through-
out Kansas, but not so severe as
here. Richard Constable, a farmer re-
siding two miles southeast of Tope-
ka, was killed by lightning while
working in the field.

You appreciate how uncomfort-
able the kitchen is these warm
days? It will be worse as you
advance further in the summer.
Why not use electricity and be
cool? You can cook, bake, op-
erate your sewing machine,

TO SELL PUBLIC BUILDING WARRANTS

May Follow Plan of French Republic
and Appeal to the Citizen of
the State.

Guthrie, Ok., June 9.—Oklahoma
may appeal to its citizens in order
to sell the issue of public building
warrants authorized by the legisla-
ture during the special session. The
original issue, amounting to \$2,025,
000, is pledged by sale money and in-
come from public building lands, and
is to be used in the erection of
public buildings. The first series
of \$750,000 is still in possession of
the state, save about \$100,000, a
small portion of which was sold for
cash, the remainder going indirect-
ly to state contractors.

In a letter to Gov. Haskell, attor-
ney general West suggests that the
issuance might be placed among farm-
ers, business men and merchants of
the state, as did the French republic
in creating the war indemnity
that Nation had to pay the German
empire. A similar plan was used, the
Attorney General says, by Galveston
in disposing of its seawall bonds.
The warrants are issued in denomina-
tions of \$500, and in order to carry
out the idea, it is suggested that a
commission of two be named to is-
sue certificates in smaller sums to
apply against the building warrants,
and sell the certificates to the peo-
ple at home. Warrants are non-tax-
able, bear interest at the rate of 5
per cent, and, the attorney general
believes, are as good as United States
2 per cent bonds.

TO TURN LOOSE \$5,000,000.

Work Ordered Suspended on New
York Central Lines to Be
Resumed.

Washington, June 10.—President
W. C. Brown of the New York Cen-
tral was so pleased at the way in
which President Taft has treated the
railroads in the present controversy
over rates, that he said he would
order the resumption of all work on
the Central which he ordered sus-
pended on Friday last. This work, it
was said at that time, would require
the expenditure of \$5,000,000. It had
to do with improving stations, build-
ing new ones, laying of additional
tracks and making yard and road-
bed improvements. The Central al-
so will permit the Pressed Steel Car
Company, the Standard Steel Car
Company and the American Steel Car
Company of Pittsburgh to go ahead
with orders given them some time
ago for 3,000 new freight cars, which
it was estimated would cost about
\$1,000 apiece. The orders for these
cars were cancelled on Friday also.

Commenting on the agreement
reached with the administration to-
day, President Brown said:
"It was just as good an arrange-
ment as could have been made. It is
so satisfactory that I intend to order
the resumption of work on the Cen-
tral which was ordered stopped last
week."

Further comment, Mr. Brown said
was unnecessary.

Roosevelt's Speaking Tour.

Washington, June 9.—Theodore
Roosevelt will have to change his
mind before he makes political
speeches in twenty-four states as has
been forecast. In a letter just re-
ceived from a Western Senator with
whom he is up on close terms of in-
timacy, he says that it is his de-
sire to confine his speeches to one
in each state and that he will at-
tempt to speak in but four states.

This decision is a disappointment
to the other twenty states. Just
whether it is a detriment to the regu-
lar republicans or to the insurgent
wing of that party will be more clear
after the arrival of Col. Roosevelt in
the United States and his definite
statements of support to one side
or the other of the nation-wide con-
troversy.

Muskogee Man Suicides.

Muskogee, Okla., June 8.—J. M.
Hoffman, a former hotel proprietor
here, tonight committed suicide under
the belief that he had killed Mal-
colm Hunter, with whom he quarreled
when the latter attempted to prevent
Hoffman from seeing his wife, from
whom he is separated. Hunter was
shot four times but is living and
Mrs. Hoffman received a stray bullet
in her arm.

CROSS REQUIRED

To Some Date for Hearing of Grand-
father Clause Protests.

Guthrie, Ok., June 9.—District
Judge Huston granted a writ of man-
damus against Secretary of State
Cross, upon application of James A.
Harris, chairman of the republican
state committee, requiring the form-
er to name a date for hearing pro-
tests against the so-called grand-
father clause.

Harris claimed that the hearing
given by the secretary this week was
premature, and demanded that it be
fixed within five days after date ser-
vice was obtained upon the person
filing petitions.

The court's order requires a hear-
ing within five days after June 7,
or that the secretary of state make
answer by June 17. The grandfather
clause was initiated as an amend-
ment to the suffrage article of the
constitution and proposes an educa-
tional test for voters whose ances-
tors did not have the right to vote
under some form of government
prior to Jan. 1, 1868.

Don't Delay.

Let us show you the Dan Hays ad-
dition today. Prices reasonable, terms
easy—without interest.

Receiver's Sale of Merchandise.

By virtue of an order of sale is-
sued by the Honorable A. T. West,
Judge of the district court of the
seventh judicial district of the state
of Oklahoma, in an action pending
in the district court of Pontotoc
county, in said judicial district,
wherein C. C. Ingram, et al., are
plaintiffs and Texas Department
Store of Ada, Oklahoma, et al., are
defendants and Hargadine-McKer-
rick Dry Goods Company, et al., are
interpleaders and on the motion and
application of said interpleaders, on
the 4th day of June, A. D. 1910,
which said order of sale directed the
undersigned, as receiver of the said
Texas Department Store to adver-
tise and sell at public auction in
bulk or in bulk departments the as-
sets of the said Texas Department
Store now in the hands of the said
receiver, which said assets consists
of a stock of dry goods, shoes, cloth-
ing, hats and notions and groceries,
and the fixtures in the building
where said stock is located, of the
estimated value of nineteen thousand
dollars, (\$19,000.00); a stock of hard-
ware and the fixtures in connection
therewith of the estimated value of
five thousand three hundred dollars
(\$5,300.00); a stock of furniture and
coffins and fixtures of the estimated
value of four thousand dollars, (\$4,
000.00); said property and the in-
ventory thereof may be examined at
the store rooms at Ada, Oklahoma.

Notice is hereby given, that I, A.
K. Thornton, as receiver aforesaid,
will sell the above described person-
al property to the highest bidder, for
cash, at public auction, at the city
of Ada, Oklahoma, on Saturday the
15th day of June, A. D. 1910, be-
tween the hours of ten o'clock a. m.
and four o'clock p. m. of said day,
in front of the place of business of
said Texas Department Store, bids
to be received first on the entire
stock in bulk, and second on the
stock in departments as above set
forth, the successful bidder to de-
posit a certified check for \$1,000.00
with said receiver as evidence of
good faith and said sale is subject
to confirmation and approval of the
said district court.

Dated at Ada, Oklahoma, June 6th,
1910.
A. K. THORNTON,
Receiver of Texas Department Store
of Ada, Oklahoma

Hotel Arrivals.

Chapman—Mrs. M. F. Chamberlin, J. E. Thomas, Oklahoma City.

Harris—Geo. W. Voelkel, Oklahoma City; Geo. E. McKenley, Oklahoma City; D. I. Wentworth, Iowa; W. H. Cox, Scottsville; Loren Russell, Carthage, Ill.; Dora Russell, St. Louis; E. O. Johnson, Shawnee; C. D. Kelly, Dallas; J. R. Crone, Kansas City; J. R. Harlett, St. Louis; W. H. Hart, Kansas City; J. W. Plick, St. Joe; C. C. Stout, Denison; W. L. Terrell, Oklahoma City.

Court House News.

E. A. McIntyre, deputy sheriff from Konawa brought in Ivy J. Wright a noted whisky peddler it is alleged, who was arrested by Sheriff Smith a while back and succeeding in making his escape and who now is behind the bars of the Ada jail.

Amos Sampson a negro who has been on the county road working out a fine for contempt of court, having served his time was released today.

Young Men Graduates.

Orel Busby and Tal Crawford, well dressed and with good looking, intelligent visages, were very prominent last evening sitting each between sweet young lady graduates, waiting to receive their sheep skins.

Ada and evidently the E. C. S. N. are proud of these two high class young men.

Porter Recommitted to Jail.

Harrison Porter the Indian who was arrested a few days ago on charge of criminally assaulting his thirteen year old step daughter came up to be heard by Justice Brown today. He waived a preliminary trial and his bond was fixed at \$5000. On failure to make bond he was recommitted to jail.

Methodist Church Sunday.

Instead of the musical program which has been discussed there will be the regular services at the First Methodist church next Sunday. The pastor will preach at both morning and evening hours. You are always welcome at this church. Special music for Sunday.

Patrons Day on East Side.

Wednesday afternoon at the East Side school, the closing exercises of the year were held. After a very enjoyable program rendered by the pupils of the different grades the visitors were invited to visit the rooms and examined the work on display there. The exhibit, which was taken from the every day work of the year, was a credit to both teachers and pupils. After the work had been examined the guests were invited into an unoccupied room where refreshments were served.

About seventy visitors were present and expressed themselves as highly pleased with the afternoon's entertainment.

Will Represent Pontotoc in State Spelling Bee.

Miss Myrtle Donaghey, a student of the Allen public school, has been appointed to represent Pontotoc county in the state spelling contest to be held at Oklahoma City on June 15th.

THE ELECTION ON TOMORROW

The county election board has appointed the following inspectors for the respective voting precincts tomorrow. While the voting boxes for the city have not been designated it is supposed they will be fixed at the usual places. However, the city hall has been secured for the first ward.

Inspectors.

First Ward—A. D. Tanner.

Second Ward—Gale Stadler.

Third Ward—Mel Davis.

Fourth Ward—W. C. Lee.

Capital Hill—C. O. Bills.

Daggs—W. C. Weatherly.

Price School House—T. C. Cooper.

Owl Creek—S. A. Fish.

Black Rock—W. A. Barrett.

Allen—Brians.

Lula—R. S. Baker.

Jesse—F. H. Flippin.

Dollsberg—Will Ludsey.

Francis—J. T. Watson.

Conway—Wade Allison.

Frisco—G. H. Truax.

Lanham—Berk Stanford.

Hart—W. A. Bloomingkemper.

Tyrola—Frank Hooker.

Center—Jap Copeland.

Francis—J. J. Townsend.

Dehee—A. P. Roberts.

Maxwell—E. W. Cotton.

Lovelady—J. H. Lovelady.

Ahloso—T. N. Herrin.

Egypt—Enoch Gregory.

Midland—Chas. Long.

Oakman—W. J. Sloan.

Roff—C. Y. Partain.

Stonewall—N. T. Heard.

Knox—S. W. Masters.

There are four precincts that have not reported for election supplies, viz: Fitzhugh, Lightning Ridge, Sunshine and Chester.

WILL NOT HOLD COURT IN JULY

Judge Raney Writes Letter to County Attorney Wimbush to That Effect.

Atoka, June 7, 1910.

Hon. Robert Wimbush, Co. Atty.

Dear Sir and Friend: Replying to your favor of the 3rd inst, relative to the term of court at Ada in July will say that I have talked with a number of the lawyers besides myself, and have decided not to hold court in July, but to come there on the first Monday in July, and adjourn the term of court until the middle of August, or the first Monday in September. While there, I will sentence any prisoners who desire to plead guilty, and attend to other matters of urgent necessity.

With best wishes, I am, yours very truly,

ROBT. M. RAINEY.

ADA'S CHAUTAUQUA

Plans are being completed for the Chautauqua which is to be held in Ada June 22-23. The City hall will be used for the Chautauqua which is an enterprise for the good of the city.

It is proposed that whatever profit may accrue from the Chautauqua be given to the city for a public library. This plan can only be adopted by securing a number of our citizen who will assume the financial responsibility for the enterprise. This responsibility will be very small if several men are willing to share it. Another meeting is to be held in the city hall next Tuesday evening when Hon. I. M. Holcomb, of Oklahoma City will deliver an address. This address of this orator and well known lecturer will be well worth an effort to hear. The meeting is free to every body and a cordial invitation is extended to the public to attend.

Young Men Graduates.

PUBLIC SCHOOLS CLOSE TODAY

Over a Thousand Children Now Free to Enjoy Life in Their Own Sweet Way.

While class work was brought to a close the first of the week, and a good many of the grades dismissed, today is the day when the public schools of the city officially close.

The final tests have been made, the grades are all in, the recitals and exhibits have been given and now both teacher and pupil is feeling free enjoy to a summer vacation. That the schools have been successful cannot be gainsaid—that Ada feels proud of her schools—the students and teachers goes with question. It is a credit to the schools as well as the teachers that of those who have so faithfully served the people this year, not one has been refused a position next year if we understand the situation correctly. Twenty-one teachers besides a superintendent has been elected for next term. Naming the superintendent and principals they are T. N. Robinson, Prof. Ben McCurry, Miss Nell Rees and Prof. A. Floyd of Asher, respectively.

But, hurrah! school is out for this year!

PREPARING FOR SUMMER NORMAL

The question of boarding places for the large number of students who will attend the summer term of the East Central Normal has been a problem rather difficult to solve. At the commencement exercises last night Pres. Briles urged the people of Ada to make room as far as possible in the homes for these incoming students. In order to accommodate these four or five hundred teachers who will be in attendance, the south side school building will be equipped and placed in competent hands to furnish meals at a nominal cost to those who may desire to take meals near the High School building, where the Normal will be held. Though they will have to room at the different homes over the town they will not be inconvenienced by taking their meals at the school. On the other hand a good many steps which mean time and energy will be saved.

PATRONS DAY ON EAST SIDE

Wednesday afternoon at the East Side school, the closing exercises of the year were held. After a very enjoyable program rendered by the pupils of the different grades the visitors were invited to visit the rooms and examined the work on display there. The exhibit, which was taken from the every day work of the year, was a credit to both teachers and pupils. After the work had been examined the guests were invited into an unoccupied room where refreshments were served.

About seventy visitors were present and expressed themselves as highly pleased with the afternoon's entertainment.

Peary Sued by Dr. Cook.

Berlin, June 8.—According to the Lokal Anziger Dr. Frederick A. Cook the Arctic explorer, has instituted suit in the Berlin courts against Commander Robert E. Peary. The paper says Cook seeks to recover \$10,000 which he alleges to be due him in payment for bear skins and other polar products delivered to the commander.

Commander Peary arrived here this evening and is stopping at the Aldon hotel. Immediately after his arrival he was served with a notice of a suit that had been instituted against him in the local courts. He declined to discuss the matter until he had conferred with American Ambassador Hill.

He, however, stated positively that the suit had not been brought by Dr. Cook nor on the latter's behalf and that Cook was in no way concerned with the litigation. Commander Peary delivered a lecture in Philharmonic hall tonight.

PICNIC RAINED OUT

The picnic at the County Demonstration Farm yesterday was broken up by the hail and rain shower.

While there was a large crowd present and every thing at first bespoke an entirely successful day, broke right into the middle of the speech making.

Many of those who were on the program and who had prepared excellent addresses did not get to say anything. However it is agreed to repeat the yesterday's program about the middle of next month.

Resolutions.

Whereas, it has pleased our Supreme Grand Master to call our worthy brother, S. S. Rains, from labor to rest in the Celestial Lodge on high; therefore be it

Resolved, That in the death of Brother Rains we lose a worthy member of our order, a just and upright Mason, and a good citizen. He departed this life full of years—ripened with age and experience; he was well qualified, duly and truly prepared for admission into the Celestial Lodge above, where our Supreme Master presides.

Resolved That our hearts go out sympathetically to the bereaved and while we fondly cherish the memory of our departed brother, we will not forget those he loved.

Resolved, That a copy of these resolutions be sent to the family, and to each of the local papers, and the same be spread on the minutes of the lodge.

MISS CORINNE HARDIN, GRADUATE LEAVES FOR HER HOME AT TECUMSEH

Miss Corinne Hardin, who has endeared herself to all the Ada folks, with whom her busy senior year employment would allow association, leaves this afternoon for her home at Tecumseh. She with her sweet graduate associates were the cynosure of the eyes of the thousand appreciative attendants on the graduating exercises.

DON'T FORGET.

To pay your telephone bill by June 15, 1910 and avoid having your telephone service discontinued. Present card to be receipted. 9-2t

VOTE TOMORROW

It seems that there is but little interest manifested in the coming election tomorrow. Four of the precincts of the county have failed to report for supplies. The people should bear in mind that the ballot is the power that rules the state and that next to the sin of voting wrongly is not voting at all. The questions to be decided tomorrow concerns you as well as your neighbor so why not take some action.

The voting boxes for the city have not been designated, with the exception of the First Ward at the city hall, but doubtless be at the customary places. You will have no trouble finding out where to go to cast your ballots and be sure to cast it. Otherwise the man whose interest is adverse to yours will dictate the policy of the government.

E. C. N. CLOSES SCHOOL YEAR

(Continued from page 1)
and nailed to the cross the world's only perfect model. If angels ever weep it must be over the works of honest ignorance, not in a spirit of anger but in the spirit of brotherly love and kindness. which says "Father forgive them, for they know not what they do."

Young ladies and young gentlemen it gives me great pleasure to present to you these diplomas which bear evidence of the fact that you have creditably completed the course prescribed for graduation from this institution. You go forth as the standard bearers of this school and I wish that you may remember that in all things we must all participate in the honor and share in the disgrace of every individual member. Remember also that wherever you may go or whatever you may do the great wishes of this institution will go with you and let me exhort you not to get discouraged when you meet the obstacles of life. It is the rough sea that makes the skillful sailor take courage and be brave. There is a rift in the cloud if you will only look and when you have finished your work on earth on earth may you hear from the shore the welcome plaudits. Well done thou good and faithful servant inasmuch as he did it to one of the least of these my brethren ye did it unto me.

FIRST E. C. N. GRADUATE.
Miss Carma Dallas, charming Senior and Business Manager of Pathfinder.

Miss Carma Dallas first East Central Normal graduate leaves for her home at Kona, Hawaii this afternoon. Miss Dallas' legion of Ada friends are evidently glad that she does not reside further than a neighboring town for in that there is promise of greater frequency of return visits.

Miss Carma as her Ada friends are permitted to refer to her has probably impressed her charming personality on the student body within the polite young society of the city and among the business citizens more than any young lady in the city during the normal year.

Miss Dallas was the business manager of the college magazine the Pathfinder and performed the very remarkable feat of financing its publications from the issue of the initial number. Whether as solicitor or collector the business citizens were always pleased to respond to her wishes. The News' regardful of the courtesies extended it by Miss Dallas as business manager of the pioneer and above that its observation of her, wishes that this were the conclusion of her freshman year in the E. C. N. rather than that of senior, when she departs as an alumnus.

Miss Kate Robison Graduate.
Miss Kate L. Robison one of the very sweet girl graduates returns to

her home at Tecumseh this afternoon. Miss Robison is said to have attracted the particular attention of the school officers on account of the excellence of her work. She will return to Ada and teach in the city school next term.
Miss Robison is a sister of superintendent of school of Pottawatomie county.

Judge Furman Here.
Judge Henry M. Furman of the supreme court is home to vote and be with his friends a day or two.

TERRIFIC STORM AND LIGHT HAIL AT TULSA

Streams Filled Almost to Overflowing—Six Inches of Rain During The Week.

Tulsa, Okla., June 9.—A terrific storm accompanied by a light hail visited this place today.
Within one hour over two inches of rain fell. The streams were filled almost to overflowing and the Arkansas has risen considerably.
Six inches of rain has fallen this week.

A Woman's Great Idea
Is how to make herself attractive. But without health it is hard for her to be lovely in face form or temper. A weak sickly woman will be nervous and irritable. Constipation and kidney poisons show in purple blotches, skin eruptions and a wretched complexion. But Electric Bilets always prove a Godsend to women who want health, beauty and friends. They regulate stomach, liver and kidneys, purify the blood, give strong nerves, bright eyes, pure breath, smooth velvety skin, lovely complexion, good health. Try them. 50c at Ramsey Drug Co.

South Side High School Building Where Summer Normal Will be Held. Here is Where Five Hundred Teachers Will Receive Special Training for Their Chosen Field

BOY WORTH \$50,000 HELD IN PEONAGE

Help to Fortune in Cuba Runs Away, Comes to Oklahoma—Alleged Held as a Peon.

Wheatland, June 10.—The entire town of Wheatland is aroused over the story of peonage to which Hugo Hudson, a Cuban, 20 and born to \$50,000 including valuable property in the city of Havana has been subjected to in the last two months.
Held in captivity on a farm two miles from the town where Hudson first applied for work he was forced at the point of a gun according to his story to sign notes amounting to \$22,500 by the owner of the farm whose home is said to be in Fairbury, Neb. and his resident overseer in whose mind the idea is said to have originated.
Treated so inhumanely that he is now in the hands of Dr. C. W. Joyce of Wheatland the young Cuban was only let out of the eyesight of the overseer at rare intervals and then only for a short time.

Left Orphan's Home.

Hudson arrived in Wheatland about two months ago after escaping from an orphan's home at Havana where he and his younger sister had been placed upon the death of their father. They thought they were penniless in the world and February 13 Hudson made his escape from the home and came to Oklahoma.

A few days after his arrival in this country and before he arrived in this state he received word that he was the possessor of about \$50,000 which was well invested in his native country.
The father dying told friends that he had left a trunk which was not to be opened until the youngest of his two children had left the orphan's home where he had made arrangements for them to be taken care of until they reached an age where they could go forth into the world and battle with life's cares.

The daughter left the home shortly after her brother's escape and upon opening the trunk found the wealth. She at once notified Hugo but he had become interested in the new country and pushed onward into this state.

Taft Will Not Remove Negroes.

Seattle, Wash., June 8.—When Mayor Hiram C. Gill learned today of President Taft's refusal to move the negro soldiers from Fort Lawton he at once ordered sixty emergency policemen placed in the Fort Lawton district. The mayor also ordered the closing of negro resorts near the fort where negro soldiers have obtained liquor.

Private Nathaniel Bledsoe made a full confession today after he was turned over to the civil authorities. He said he was drunk when he entered Mrs. Redding's house. Bledsoe said that no other soldier should share the blame. He begged to be permitted to plead guilty and be sentenced.
Further representations will be made to President Taft. Evidence of nine other alleged offenses against women is being collected and will be sent to Washington by the committee of inter-bay citizens who are at the head of the agitation.

WEAVER AGENCY

GOT \$10,000 ON BAD COLLATERAL

Man Under Arrest on Coast Said to Have Served Time for Offense.

Los Angeles, June 8.—The police here say that James A. Woodbury, recently arrested in Chicago and returned to Los Angeles on a charge of passing worthless checks, is J. L. Mercell, wanted in Kansas City to having borrowed \$10,000 on fictitious collateral. Mercell previously served time in prison for looting the state bank of Highland, Kan., of \$100,000. Following the return of Woodbury from Chicago in charge of a detective, Chief of Police Galloway began an investigation of his record. Galloway declared with the aid of the Bureau system and assistance from Warden J. K. Godding of the penitentiary at Lansing, Minn., and the recovery of various connecting links that the identification of Woodbury as Mercell, the former banker, is complete. Chief of Police Snow of Kansas City has been notified.

Following the looting of the state bank of Highland, Mercell the cashier of the institution was convicted on five counts for forgery and sentenced on May 27, 1904 to an indeterminate term from five to thirty-five years in the penitentiary at Lansing. He was discharged February 27, 1907 a pardon having been procured through the efforts of his friends. Woodbury then went to Kansas City according to the information given by Warden Godding and engaged in business. He is alleged to have gained the confidence of a number of business associates and after borrowing from them \$10,000 on worthless paper fled the city.

Mercell was a member of one of the leading families of Highland, Kan., and a son-in-law of the president of the State bank. His alleged method in looting the bank consisted in forging notes of wealthy men to cover amounts which he withdrew.

BULGIN STIRS UP CLAREMOREITES

Reads Sensational Affidavits Regarding Protection of Violators.

Claremore, Okla., June 10.—Sunday was the most sensational day of Rev. Bulgins' meeting here. Charges were made and affidavits read. Two affidavits were read from the men who swore that they have sold liquor in Claremore and for the purpose had paid to the sheriff's office and also to the police officials of the city \$37.50 each per month for protection and that they had been protected. The evangelist still says that he expects a special grand jury this week on the promise of Governor Haskell. He condemns the sheriff and says the people of Claremore and Rogers county should not wait until the end of his term to get rid of him, but he should be fired at once.

Last week S. P. Parks, who has been made an enforcement officer of the state, raided the town from one end to the other and secured a large quantity of liquor. A request was made of the sheriff to deputize him to make arrests, but the sheriff refused and Sunday evening at the law and order meeting, a motion was passed demanding of the sheriff again that he do so. The demand will be presented to the sheriff today.

Another meeting of the law and order league will be held Wednesday night, at which time Bulgins expects to read a number of affidavits and the names of men who made them.

GOVERNMENT FORCES SUFFER DEFEAT

Repulsed Under Guaracha at Rama. Attempt Reconcentration Move.

Washington, June 9.—Reports from Consul Olney say that official reports have been received at Managua to the effect that the United States forces under Gen. Chaves suffered a disastrous defeat before Rama and are now making an effort to concentrate at Nuelle. For Bucay where another stand will likely be made.
The court at Santiago told Estrada in response to his request that the court exert its influence to have Madrid accept the mediation of the United States as proposed that it would do what was possible on re-assembling but reiterated the offer of friendly mediation of April 27.

American Prisoner Well Treated.

Washington, June 9.—William P. Pittman, the American engineer who was captured some days ago by the Madrid forces in Nicaragua while operating mines under the direction of Estrada is reported to be well and is treated with consideration.
Consul Moffat in a telegram to the state department from Bluefields, says he is paying particular attention to Pittman and that the officers from the United States warships in the harbor visit Pittman every few days at the bluff.

LOOKS FAVORABLE FOR POSTAL SAVING

Washington, June 9.—The house expects to pass the postal savings bank bill tomorrow afternoon.

In order to dispose of the measure the house will meet at 11 o'clock tomorrow morning and the debate will run all afternoon.

It is expected that the bill will pass on a strict party vote with the exception of a few ultra-conservatives who will vote against any kind of a postal savings bank law.

The chances for the senate accepting the house bill, in lieu of sending it conference, are still good. Such a course would make the postal savings bank bill a law this week.

INSURGENTS PLAN SUMMER FIGHT

WILL OPPOSE TO LAST DITCH ALTERATIONS IN RAILROAD BILL.

TAFT WANTS CHANGES

After Seeing the President, Elkins Decides to Convene Conference Today.

Washington, June 9.—After a call at the White House yesterday with Senator Aldrich to learn the president's views Senator Elkins announced that he would call a meeting of the conferees on the railroad bill today.

While the insurgent senators were announcing that it must be the senate bill or nothing, and declaring they were prepared to fight all summer if necessary the president indicated that he would like to see made in the bill in addition to the elimination of the sixty-day clause in the paragraph giving the interstate commerce commission the right to investigate and suspend new rates.

Mr. Taft is anxious that the house provision for a supervision of the issuance of stocks and bonds by the railroad companies be accepted by the senate. He regards this feature as one of the pledges of the party and he does not agree with the position of many of the senators that such a provision could be construed as interfering with states rights.

The president believes the ten months allowed the interstate commerce commission in which to investigate rates before acting on them is entirely too long. He thinks six months would be a better period.

Anxious for Haste.
President Taft told both Senators Elkins and Aldrich today that he was anxious that the conference should proceed as rapidly as possible and that there should be a satisfactory bill.

Announcing their willingness to remain in Washington all summer if necessary, Republican insurgents of the senate today indicated that they would fight to the last ditch for the retention in the railroad bill of the advantages which they claim to have gained for the people.

Senator Elkins and Representative Mann of Illinois representing the conferees of the two houses of congress will confer to outline a programme for the conference committee.

We have sent a hot weather column and prepared to stay here until September declared Senators Dilliver, La Follette and Brister when asked whether the action of the house in sending the bill to the conference meant delay in final action on the measure.

To Cancel Advances.

Under the verbal agreement made with the president it will be incumbent on the Eastern lines to cancel the advances which they made to be effective about July 1.

It probably will be nearly a year before an adjustment of the rates can be made by the commission. William of Chicago an agent of the Western Trunk Line Association today filed with the commission a tariff cancelling the advance in rates on coal from St. Paul and Minneapolis, Minn. to New York and Boston. The advance was 10 cents a hundred pounds to be effected by the injunction obtained by the government but the old rates were restored in accordance with the agreement reached by the officials of the Western roads with President Taft. It is expected that within a few days all of the lines which have filed advances with the commission, both Eastern and Western will give formal notice that the increases have been abandoned for the present.
